

ARE YOU TIRED OF PAYING TOO MUCH FOR YOUR WATER DISPOSAL ?

CETCO Wastewater Treatment Products present the alternative:

- A unique **on-site wastewater treatment process** for the removal of emulsified oils, heavy metals, and, suspended solids from a variety of waste-streams.
- Cutting edge **flocculent technology** is the cost-effective treatment alternative that insures your treated water meets POTW discharge limits established by local and state authorities.
- Typical one-step treatment requires no acids, caustics, or, pH meters.
- Recycle treated water or sewer.
- Average cost to treat the waste stream is \$.03-\$.10 per gallon compared to hauling cost of up to 10 times this amount.

One-Step Simplicity

Applications Include

Vibratory Fluids	Heavy Metals	Paint Rinses
Part Washer Water	Metals in Solution	Drawing Fluids
Coolants	Aqueous Coating	Phosphates
Cutting Fluids	Dye/Pigment Wash Water	Chelated Streams
Mop Water	E-Coating Wastewater	Truck/Car Wash Water
Oily-Water Emulsions	Ink	Chromium Washed
