MATERIAL SAFETY DATA SHEET

Compound: ROTO-CLEAN® RTC-130
Effective Date: December 16, 2004
Revision Date: June 10, 2009
Revision: 003

Manufacturer: ROTO-FINISH CO., INC.
1600 Douglas Avenue
Kalamazoo, MI 49007
Kyle J. Elmblad (Technical Manager)

EMERGENCY ASSISTANCE
For emergency assistance call CHEMTREC (800) 424-9300
For product information call Roto-Finish (269) 345-7151

COMPOSITION / INGREDIENT INFORMATION
Sodium Hydroxide CAS #1310-73-2 (Less than 15%)
NOTE: Product is a biodegradable mixture of surfactants, buffers, lubricants and auxiliary materials.

PHYSICAL & CHEMICAL CHARACTERISTICS
Boiling point: ca 212 F
Specific Gravity: 1.125
Solubility in water: Complete
Reactivity in water: pH 1%=12.4, pH 100%=14.13
Appearance and odor: Amber color liquid, non viscous, no odor

FIRE AND EXPLOSION DATA
Flash point: Not applicable
Method used: TOC
Special fire fighting procedures: Not applicable

PHYSICAL HAZARDS (REACTION DATA)
Incompatibility (materials to avoid): Strong-oxidizing agents
Hazardous Decomposition Products: Oxides of carbon and nitrogen
Hazardous Polymerization: Will not occur

HEALTH HAZARDS INFORMATION
Signs and symptoms of exposure: Over exposure could cause skin irritation with sensitive individuals.

Medical conditions generally aggravated by exposure: Unknown

Emergency and first aid procedures:

Inhalation: Unlikely as material is not volatile. Immediately move the patient to fresh air and call a physician. If breathing is difficult, give oxygen. If not breathing, begin artificial respiration.

In case of eye contact: Flush with water for 10-15 minutes - consult a physician

ROTO-CLEAN® RTC-130
In case of skin contact: Wash thoroughly with water for at least 15 minutes. Remove contaminated clothing and equipment. Seek medical attention if irritation persists.

If swallowed: Seek medical attention. Never give anything by mouth to an unconscious person. Induce vomiting only at the instructions of a doctor or nurse.

SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES
Handling and Storage: Keep container tightly closed when not in use. Store away from excessive heat or cold. emptied container may retain product residues. Follow all warnings and precautions even after container is emptied.

Steps to be taken in case material is released or spilled: Absorb the spill with an inert material (i.e. sand, clay, vermiculite). Sweep or scoop material into containers for disposal. Flush spill area with plenty of water. Remainder can be either, flushed to drain with large amounts of water or collected for proper disposal.

Waste disposal methods: Dispose of in accordance with all Federal, State and Local regulations.

SPECIAL PROTECTION/CONTROL MEASURES
Respiratory protection: Not required under normal use. If mists can be generated, wear a NIOSH approved air-purifying particulate respirator for the mist concentrations at the point of use.

Ventilation: Good general ventilation in addition to local exhaust ventilation should be provided.

Protective gloves: Skin contact with material should be minimized through the use of suitable impervious gloves. Natural rubber or neoprene gloves are recommended.

Eye protection: Safety glasses with side shields or chemical safety goggles.

Work/Hygienic practices: Wash thoroughly with soap and water after using.
