MATERIAL SAFETY
DATA SHEET

Compound: ROTO-CLEAN RTC-210
Effective Date: December 16, 2004
Revision Date: June 11, 2009
Revision: 001

Manufacturer: ROTO-FINISH CO., INC.
1600 Douglas Avenue
Kalamazoo MI 49007

Kyle J. Elmblad (Technical Manager)

=================================================================
EMERGENCY ASSISTANCE
For emergency assistance call CHEMTREC (800)424-9300
For product information call Roto-Finish (269) 345-7151
=================================================================
HAZARDOUS INGREDIENTS
NO HAZARDOUS INGREDIENTS AS PER 29CFR 1910.1200

NOTE: Product is a biodegradable mixture of surfactants, lubricants and auxiliary materials.

=================================================================
PHYSICAL & CHEMICAL CHARACTERISTICS
Boiling point: 212 F              Specific Gravity: 1.030
Solubility in water: Complete     Reactivity in water:pH 1%=7.44
Appearance and odor: Light liquid, odorless     pH 100%=9.6

=================================================================
FIRE AND EXPLOSION DATA
Flash point: Not applicable     Method used: TOC
Special fire fighting procedures: Not applicable

=================================================================
PHYSICAL HAZARDS (REACTIVITY DATA)
Incompatibility (materials to avoid): Strong oxidizing agents
Hazardous Decomposition Products: Oxides of carbon and nitrogen
Hazardous Polymerization: Will not occur
ROTO-CLEAN RTC-210

HEALTH HAZARDS INFORMATION

Signs and symptoms of exposure: Over exposure may cause skin or eye irritation.

Medical conditions generally aggravated by exposure: Unknown

Emergency and first aid procedures:

Inhalation: Unlikely - material not volatile

In case of eye contact: Wash thoroughly for 15 minutes - consult a physician

In case of skin contact: Wash thoroughly

If swallowed: Not toxic - Do not take internally

SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES

Handling and Storage: Do not store in extreme heat or cold.

Steps to be taken in case material is released or spilled: Spills should be absorbed on sand or clay and disposed of as solid waste. Remainder can be flushed to drain with large amounts of water.

Waste disposal methods: Material is completely biodegradable. Dispose of as above, in accordance with all Federal, State and Local regulations.

SPECIAL PROTECTION/CONTROL MEASURES

Respiratory protection: Not applicable

Ventilation: Not applicable

Protective gloves: Rubber or Neoprene

Eye protection: Safety glasses with side shields

Work/Hygienic practices: Wash thoroughly after using

H.M.I.S. RATINGS

Health: 1
Flammability: 0
